

## English for the Financial Sector

English for the Financial Sector is a course for business students and people working in finance that helps students to prepare for a career in finance and enables those already working in the industry to improve their financial English. The course is set at a B1-B2 level that challenges students to express themselves in English as professionals.

The English for the Financial Sector book has over 50 hours of activities and consists of 24 units that help build vocabulary and develop key language functions while also providing extensive practice in business communication skills. The book covers key areas of finance including international trade, accounting, asset management, foreign exchange and central banking. As well there are a wide variety of activities to practice essential skills such as telephoning, negotiating, presenting and socializing.

The English for the Financial Sector is a challenging course at a competitive level that can help students or professional already working in the financial world to become better English communicators in their field.
